

# NYS Regents Exam Study/Review Resources

**Oswego City School District ~ Regents Exam Prep Center!**

**<http://www.regentsprep.org/>**

The goal of this nonprofit site is to help high school students meet the New York State Regents requirements in English, Mathematics, Science, and Social Studies. Topics include: Math A | Math B | Algebra | Geometry | Algebra2/Trig | Global History | U.S. History | Earth Science | Living Environment | Chemistry | Physics | English Exam This site also offers tips on Study Strategies as well as links to Old Regents Exams

**NYS Regents Exam Preparation**

**<http://www.barronsregents.com/>**

Barron's Regents is the easiest-to-use, most effective way to improve New York State Regents test scores available anywhere. For over 65 years, Barron's has been the leading seller of New York State Regents review materials.

What truly separates Barron's from the competition is our database of thousands of questions from actual New York State Regents exams, complete with detailed answers and explanations, prepared by the same experienced educators that edit our best-selling review books

**Regents Review 2.0 - The Next Generation**

**<http://www.regentsreviewlive.net/default.htm>**

Regents Review 2.0 is the next generation of Regents exam Preparation for high school students all across New York State. Originally known as Regents Review Live! this new edition combines the power of television with the access speed of the internet to create the most dynamic and comprehensive 14-part test prep series to date.

Regents Review 2.0 begins airing in early May 2010. Visit our web site often for up to date Regents exam info, video clips, test taking tips, and links to our new social media sites.

**Home Instruction Schools – Regents Exam Review**

**<http://www.homeinstructionschools.com/regents.htm>**

The Home Instruction web site is part of New York City's resources for students who need assistance but are unable to attend school. LOTS of resources for most NYS subjects.

**Kahn Academy**

**<http://www.khanacademy.org>**

This FREE site offers extensive resources for students taking mathematics, science, history, art, and economics and finance courses. There are also useful resources to help students prepare for the SAT exam for college admissions. While these are not related to all NYS Regents exams, they do offer another online source of academic help for high school students.

*See Ms. Cross-Baker if you would like a copy of this for yourself!*
