BIO SHEET

Ed Marin (Beekmantown Central School District)

Motivation to Run for CVES Board: All students deserve an excellent education regardless of background or professional pursuit. I believe my background, upbringing, accomplishments and general experience allow me to bring a perspective that can help students be productive members of society in a future that may not be apparent to most.

Vision for CVES: Advocate in the best interest of the students by listening to all stakeholders and participating in district improvement. Continue to foster an effective board by maintaining respect between members and productive dialogue. Implement standard practices and improvement measures. Improve transparency and flow of information to the community through policy development and public information. Assist faculty in the pursuit of improved education by communicating with staff for recommendations and feedback. Provide excellent education and services to students and staff from component school districts and adult learners within our community.

Dina Garvey (Boquet Valley Central School District)

Motivation to Run for CVES Board: I would like to see that there is a continuation and expansion of educational programming, while keeping cost in line for taxpayers. It is also important to expand opportunities for our students.

Vision for CVES: I aim to continue and promote educational excellence and equal opportunity for each student to develop and achieve life-long skills to be productive and active members of local communities.

Emily Bergh (Keene Central School District)

Motivation to Run for CVES Board: I am passionate about the services and the educational opportunities offered to our schools. I would like to support CVES with my background and professional experience. I want to support marketing programs, educational opportunities outreach, conduit for connecting to the areas of service, and communications.

Vision for CVES: I see the CVES entity as one of the most powerful educational tools and services offered to students and learners of all ages, that would otherwise not receive such support. I wish to empower the existing entity as well as further the growth of an already amazing organization with my training and skills.

Ed Webbinaro (Peru Central School District)

Motivation to Run For CVES Board: I'm proud of what we offer the CEWW district, I'd be honored to serve a role in stewarding, and I have beneficial skills and experience. I am interested in the role technology will play defining future careers, but bring my focus to the agreed objectives of the board. The pace of change in technology will continue to accelerate, and reach further into careers that were once defined by their lack of it.

Vision for CVES: I'd like for CVES to be the BOCES of envy, recognized across the state for the quality, innovation, and impact of our services. Our vocational program's long reputation of quality, and the more recent food CO-SER already demonstrate our ability to both sustain and innovate. Looking forward I see challenges in transportation infrastructure and remote education as prime areas of further exploration.

Leisa Boise (Plattsburgh City School District)

Motivation to Run for CVES Board: I'm again honored to be considered for a seat on the CEWW Board of Education. I've served on this Board for 15 years. Philosophically, I view the role of the Board as that of policy-level governance, and I therefore endeavor to defer management of programs to our very capable staff.

Vision for CVES: Recently I was elected to serve on the board of directors for the Rural Schools Association. I believe that my record of attending BOCES functions and being visible in our centers speaks for itself, and I derive incredible joy and satisfaction from interacting with our faculty, staff and students as they do their incredible work. I'm eager to continue my service to our BOCES, and I'm very grateful for your consideration of my candidacy.

Bruce Murdock (Schroon Lake Central School District)

Motivation to Run For CVES Board: I am a strong proponent for technical education. Seeing what we have accomplished in these years I have been here — the 26 years I have been a proud board member — we have had some great hires and great programs evolve. I want to see it continue and look forward to seeing our growth as an organization.

Vision for CVES: I have watched CVES come a long way. With our leadership and great board, I know we will continue to improve. I envision a lot more students enrolling in our programs, and I want to help be a support of that. We have been able to make some wonderful hires who are now excellent members of our staff, and it is important we retain our employees.

**BALLOT FOR ELECTION TO THE BOARD OF
COOPERATIVE EDUCATIONAL SERVICES**

There are **eight vacancies** on the Board of Cooperative Educational Services to be filled at the annual election to be held on April 20, 2023 (**please note: only six nominations were received from the eligible component districts**). The Board of Education of each component school district, by resolution, may cast one vote for each vacancy to be filled, provided that no more than one vote may be cast for any candidate. No more than one person residing in a particular component school district may be elected to serve on the Board of Cooperative Educational Services at one time, except as provided in Education Law 1950 (2-a). The District Clerk, or other officer authorized to certify that a Board resolution has been adopted, shall complete the ballot by placing an "X" next to the name of each candidate for whom a vote has been cast, and by completing the attached certification. Candidates are listed in alphabetical order with their address and school district of residence:

A Board of Education may vote for up to Six (6) of the following:
